# WALL ART FINISHES

**Our Fine Art Framed prints** have a choice of high quality mouldings in different colours, and are printed on fine art cotton rag, archival to 100 years, to keep your memories safe.

**Canvas prints** are printed on thick, archival canvas, with a strong hardwood frame and added UV protection, necessary for our Queensland climate, and guaranteed for 75 years. Choose a **Boxed Canvas** for a slimline hardwood timber frame finish, in White, Oak or Black. Canvas prints are best for individual Wall Art images, and not recommend for Storyboards.

**Acrylic prints** are stunning and crisp, the perfect artwork for modern homes. The unique hidden hanging system gives your Acrylic artwork a sheer, seamless look on your walls. Acrylics are beautiful as individual prints, or used as a Storyboard collection.

# DIGITAL IMAGES

Digital Images are the edited, digital version of a photograph, saved as a Jpeg file, and emailed to clients as a link via digital download. USBs and CDs are not supplied as technology is evolving, and many devices cannot access the drives.

Producing Digital Images is in fact, not a quick result, but the longest step in your photography session. Each photo is curated and hand-edited, using an array of professional software and techniques, to enhance colour, light, and perfection, and turn your memories into Wall Art, prints and Albums. Your memories turn from moments captured in camera, to an edited digital memory of life and light.

**Matching Digital Images are included with every print, Album, or Wall Art you purchase, so you can share online, and send to family and friends.**

## BASE PACKAGE

**Your Newborn or Family Portrait Base package is \$995
